Runners off the road

A VERY small group of Pocklington Runners were out last weekend strutting their stuff, with mainly off road events being the order of the day.

It was Steve Barker who led the charge on Saturday by running in the 50 mile Woldsman event at Driffield which saw him running all over the Wolds Way and back to Driffield in an incredible time of 10 hours 14 mins to put him in 9th position overall!

On Sunday two of the club's lady runners competed in the Cottingham Headlands 10Km multi terrain race and it was Helen Cross who came home first to win the ladies race in a fantastic time of 40:01. The second Pocklington lady, Jill Dowson, did herself proud by coming away with a very good time of 51:01 and commented afterwards that she had just run in one of her most enjoyable event-sever.

Well done as always to all the Runners and please keep the flag and the Club's colours flying!
