

# Runners excel at Ripley Castle - and New York

6/11/08

**POCKLINGTON** Runners once again came out in force last weekend at the historic and majestic Ripley Castle Guy Fawkes 10, and some 4,000 miles away at the New York Marathon.

In the heart of the big apple Warwick Anderson lived the dream and came away with a fantastic time, a hat full of precious memories and a smile as big as the Brooklyn Bridge when he stopped the clock at 3:13:04 at the finish line in Central Park.

New York is one of those special marathons that everyone dreams about taking part in one day but only a few ever actually get there. Warwick can now proudly say: "I am one of the lucky ones."

Back in cold, wet and windy North Yorkshire the other Runners had travelled over to Ripley Castle to tackle this year's Guy Fawkes 10 Mile multi-terrain race. The day's leading Pocklington Runner was Dennis Speck who excelled around this very scenic course in a time of 62:26.

Paul Tatterton, still a newcomer to running, made it look easy as he clocked a time of 64:27. Only a little way behind Paul came Ed Rawlings who also churned out another fantastic performance on his way to 65:12.

Clive Reid led the way home with four of his team mates in hot pursuit; of late Clive has been finding some of his past form and his efforts on the

day were rewarded with a time of 70:45. The next four finishers virtually crossed the line hand in hand, with Jim Holding leading the charge in a time of 71:24, Steven Worth only strides behind and just managing to hold off the other two in a time of 71:50. Richard Ginn came home in a very creditable time of 71:50 and making up the foursome was Patrick Piggott who stopped the clock on 71:57.

Clive Jeffrey was next to enter through the castle walls on his way to the finishing line in a time of 76:15. Paul Holmes is slowly returning to his previously excellent good form and took another step towards those days as he fin-

ished in 76:15.

Paul Sheridan was a little slower than usual but still came away happy with his performance and finishing time of 82:12.

Brian Dobson finished just outside the 90 minute barrier, a little slower than earlier in the year, but still an excellent run over this rugged course as he stopped the clock at 90:17. Sue Vicary made up the day's posse of athletes as she once again completed another challenging event on her very busy calendar by recording a time of 94:59.

Well done to you all, to Warwick in New York and to each and every one of the club's Runners at Ripley Castle.
