

# What a Sodbury Slog for Steve

13/11/08

LAST Sunday Pocklington Runners' most intrepid male runner was out again in some far distant corner of Gloucestershire tackling this year's Sodbury Slog 9½ mile Cross Country.

Steve Fletcher - aka 'Alan Whicker' - had made the long journey to this event near Bristol and came away caked in mud after the experience of a lifetime.

Fletch stopped the clock at 2:07.
