

# Runners out and about in the north

19/6/08

IN the last eight days Pocklington Runners have been out and about racing all over the north of England.

First Runner out of the blocks was Brian Dobson who travelled over to Grasmere in the Lake District last Sunday to compete in the Grasmere Gallop 7 mill race in which he came away with a time of 67-48.

Next out were a number of Runners who made the journey last Wednesday evening to Otley to race in their annual 10 Mile Road Race, where the only time available was Jill Dowson's who came away well pleased after her efforts with a time of 81-24.

Last Sunday Castle Howard played host to their 10Km Race and Pocklington's little contingent of Runners all did exceptionally well.

It was Paul Tatterton, one of the newest members, who came home first and showed that he could be a force to be reckoned with in the future as he recorded a time of 40-42.

The next two Runners, Paul Sheridan and Jill Dowson finished only a whisker apart and it was Paul who crossed the line first in 51-31, with Jill breathing down his neck in 51-40.

Sue Vicary was next finisher and once again she gave it everything to come home with a time of 55-09.

Charlie Hope completed the group on the day and did herself proud as she crossed the finishing line with a big smile across her face and a time of 57-08.

Meanwhile over at the Burton Pidsea 10Km Road Race, Helen Reeve was chasing a new personal best time for a 10Km and she wasn't disappointed as she recorded a new time of 61-23.

Pocklington's most seasoned traveller Steve Fletcher was the other athlete there on the day and as always Fletch gave it all that he had, and so stopped the clock at 63-58.

Well done to every one of the Runners, keep up the good work and keep the flag flying high!
