

Runners at Haltemprice, Worksop and Holmfirth

ANOTHER busy weekend ~~was~~ ^{30/10/08} had by a small number of Pocklington Runners as they tackled three very different events around Yorkshire.

The club's first report comes from Haltemprice 10Km Road Race and their lone Runner there on the day was Alison Thornton who churned out another fantastic performance on her way to recording a time of 45:13 and finishing as first female in her age group. She was presented with a crystal vase to commemorate her efforts.

At the Worksop Half Marathon Steve Fletcher made his presence felt on his way to shaving ten minutes off his time from last year's race as he stopped the clock at 2:18:42.

The final report comes from the Holmfirth 15 Miler at which Sue Vicary was the club's sole representative and despite only coming away with a pair of socks (very appropriate), she excelled around the day's undulating and scenic course in a very creditable time of 2:18:00.

Well done to all the Runners and good luck to Warwick Anderson as he travels over to New York to take part in next Saturday's Marathon.
