

Steven takes to the Woldsman Walk

LAST Saturday, while his club mates were putting the final touches on preparations for the London marathon, Pocklington Runner, Steven Worth, 23, was competing in the 50 miles Woldsman Walk organised by the East Yorkshire Long Distance Walkers Association.

The event was run from Driffield and consisted of a challenging course visiting Sledmere, Thixendale, Greatgivendale, Millington and Huggate.

The 200 strong entry mostly took two full days to complete the route with an overnight stop.

But Steven completed the full course in eight hours 55 minutes and was in the first 15 home.

Steven has at the same time raised approximately £200 for local charity 'Caring for Cats' and would like to thank all those that have supported him in this venture.
